Metopic suture 1
Hereditary congenital abnormalities 41
Multiple myeloma 515
Sacro-iliac joints 557

Radiotherapy

Remissions in Hodgkin's disease 31
Use of radioactive substances in Sweden .. 281
Kollumkarzinom 412
Hodgkin's disease and pregnancy 427
Multiple myeloma 515
Radioactive iodine in thyroid carcinoma .. 539
Presentation of results of treatment of cancer 571

Technique

Roentgen Examination

Printing of negatives on paper 83
Bronchography 421

Radiotherapy

Dose calculator for radioactive sources .. 17
Radon purification 311
Pag.
Intense roentgen radiation of short duration 328
Beryllium window tube 435

Protection and Injuries

Periodical inspection of therapy installations 253
Protection of living organism against roentgen rays 296
Protection measurements 305
Regulations on roentgen ray protection .. 364
Cases of radiation injury 376

Radiobiology

Differentiation and irradiation 57
Protection of living organism against roentgen rays 296

Tumour Biology.

Spontaneous regression of pleural carcinosis 12
Polarographic serum protein reaction 165

Radiophysics

Medical radiophysics in Sweden 191
Periodical inspection of therapy installations 253
Use of radioactive substances in Sweden .. 281
Protection measurements 305
Concentrating roentgen rays for deep therapy 344
Exchange of data between therapy centres 487
Dose measurements on contact therapy tubes 491

Organization

Medical radiophysics in Sweden 191
Periodical inspection of therapy installations 253
Survey of roentgen ray establishments in Sweden 357
Swedish regulations on roentgen ray protection 364
Exchange of data between therapy centres 487
Presentation of results of treatment of cancer 571
